We acknowledge the pro-active support of the Homebuyers in this drive. First cut-off date of 15th September was extended upto 25th, September 2022. During this period your project has achieved a good number of Consents and it is still counting. Some of Home Buyers have requested for more time to achieve the target. Accordingly, the date for filing the Consent Forms is extended till 30.09.2022.

Accordingly it is requested that the remaining Homebuyers may give their **Consents by September 30, 2022 positively**. We would be constrained for submitting the application to Noida for approval of the Revised Layout Plans only in respect of Projects where we achieve the minimum required numbers. Applications for other Statutory approvals e.g. Building Plan approvals, Revalidation of existing Building Plans etc. would be filed only thereafter.
